

▲ INTRODUCTION

The ProAct Advantage Formulary references the most commonly prescribed medications available to treat a variety of conditions. This is not an all-inclusive list as there may be prescription drugs that do not appear.

*PLEASE NOTE: Brand-name drugs may move to nonformulary status if a generic version becomes available during the year. Not all drugs listed may be covered by your prescription plan, please review your summary plan description for a list of exclusions. Grandfathering will not be provided for any excluded medications.*
